

Eledon Pharmaceuticals to Present at the Cantor Global Healthcare Conference

September 11, 2024

IRVINE, Calif., Sept. 11, 2024 (GLOBE NEWSWIRE) -- Eledon Pharmaceuticals, Inc. ("Eledon") (NASDAQ: ELDN) today announced that David-Alexandre C. Gros, M.D., Chief Executive Officer, will participate in a fireside chat at the upcoming Cantor Global Healthcare Conference on Wednesday, September 18, 2024, at 8:35 a.m. ET.

To register in advance for the fireside chat webcast, sign up [here](#).

A webcast replay will be accessible following the live session on the Company's website under [Events](#).

About Eledon Pharmaceuticals and tegoprubart

Eledon Pharmaceuticals, Inc. is a clinical stage biotechnology company that is developing immune-modulating therapies for the management and treatment of life-threatening conditions. The Company's lead investigational product is tegoprubart, an anti-CD40L antibody with high affinity for the CD40 Ligand, a well-validated biological target that has broad therapeutic potential. The central role of CD40L signaling in both adaptive and innate immune cell activation and function positions it as an attractive target for non-lymphocyte depleting, immunomodulatory therapeutic intervention. The Company is building upon a deep historical knowledge of anti-CD40 Ligand biology to conduct preclinical and clinical studies in kidney allograft transplantation, xenotransplantation, and amyotrophic lateral sclerosis (ALS). Eledon is headquartered in Irvine, California. For more information, please visit the Company's website at www.eledon.com.
